A Guide to the Latin American Art Song Repertoire Maya Hoover, 2010-04-29 A reference guide to the vast array of art song literature and composers from Latin America, this book introduces the music of Latin America from a singer's perspective and provides a basis for research into the songs of this richly musical area of the world. The book is divided by country into 22 chapters, with each chapter containing an introductory essay on the music of the region, a catalog of art songs for that country, and a list of publishers. Some chapters include information on additional sources. Singers and teachers may use descriptive annotations (language, poet) or pedagogical annotations (range, tessitura) to determine which pieces are appropriate for their voices or programming needs, or those of their students. The guide will be a valuable resource for vocalists and researchers, however familiar they may be with this glorious repertoire.

Life is a Dream Pedro Calderón de la Barca, *Life is a Dream*, a work by Pedro Calderón de la Barca, is centered on issues of freedom and predestination. The play unfolds around Segismundo, Prince of Poland, imprisoned since birth by his father, King Basilio, due to a prophecy predicting the ruin of the kingdom under his rule. When Basilio decides to test fate by releasing Segismundo, the plot explores the consequences of this decision. The narrative addresses Segismundo's internal struggle with his destiny and the nature of reality, questioning whether life is a dream from which one can awaken. Other characters, such as Rosaura and Astolfo, weave subplots that interconnect personal desires and social duties, reflecting on justice, honor, and love. Set in a context that blends elements of drama, philosophy, and politics, the play investigates the complexity of the human condition, the ethics of leadership, and the power of repentance and personal transformation. With a structure that includes intrigue, plot twists, and reflections on being and seeming, *Life is a Dream* invites the audience to ponder freedom and determinism.

No Logo Naomi Klein, 2000-01-15 What corporations fear most are consumers who ask questions. Naomi Klein offers us the arguments with which to take on the superbrands. Billy Bragg from the bookjacket.

Siddhartha Hermann Hesse, 2009-01-01 Hermann Hesse wrote *Siddhartha* after he traveled to India in the 1910s. It tells the story of a young boy who travels the country in a quest for spiritual enlightenment in the time of Guatama Buddha. It is a

compact, lyrical work, which reads like an allegory about the finding of wisdom.

Edinburgh History of Scottish Literature: From Columba to the Union (until 1707) Ian Brown, 2006-11-13 The History begins with the first full-scale critical consideration of Scotland's earliest literature, drawn from the diverse cultures and languages of its early peoples. The first volume covers the literature produced during the medieval and early modern period in Scotland, surveying the riches of Scottish work in Gaelic, Welsh, Old Norse, Old English and Old French, as well as in Latin and Scots. New scholarship is brought to bear, not only on imaginative literature, but also law, politics, theology and philosophy, all placed in the context of the evolution of Scotland's geography, history, languages and material cultures from our earliest times up to 1707.

No One Writes to the Colonel Gabriel Garcia Marquez, 2005-02-01 Written with compassionate realism and wit, the stories in this mesmerizing collection depict the disparities of town and village life in South America, of the frightfully poor and outrageously rich, of memories and illusions, and of lost opportunities and present joys.

Scotland and the Caribbean, c.1740-1833 Michael Morris, 2015-03-12 This book participates in the modern recovery of the memory of the long-forgotten relationship between Scotland and the Caribbean. Drawing on theoretical paradigms of world literature and transnationalism, it argues that Caribbean slavery profoundly shaped Scotland's economic, social and cultural development, and draws out the implications for current debates on Scotland's national narratives of identity. Eighteenth- to nineteenth-century Scottish writers are re-examined in this new light. Morris explores the ways that discourses of improvement in both Scotland and the Caribbean are mediated by the modes of pastoral and georgic which struggle to explain and contain the labour conditions of agricultural labourers, both free and enslaved. The ambivalent relationship of Scottish writers, including Robert Burns, to questions around abolition allows fresh perspectives on the era. Furthermore, Morris considers the origins of a hybrid Scottish-Creole identity through two nineteenth-century figures - Robert Wedderburn and Mary Seacole. The final chapter moves forward to consider the implications for post-devolution (post-referendum) Scotland. Underpinning this investigation is the conviction that collective memory is a key feature which shapes behaviour and beliefs in the present; the recovery of the memory of slavery is performed here in the interests of social justice in the present.

Transatlantic Literary Studies, 1660-1830 Eve Tavor Bannet, Susan Manning, 2011-12-08 The recently developed field of transatlantic literary studies has encouraged scholars to move beyond national literatures towards an examination of communications between Britain and the Americas. The true extent and importance of these material and literary exchanges is only just beginning to be discovered. This collection of original essays explores the transatlantic literary imagination during the key period from 1660 to 1830: from the colonization of the Americas to the formative decades following political separation between the nations. Contributions from leading scholars from both sides of the Atlantic bring a variety of

approaches and methods to bear on both familiar and undiscovered texts. Revealing how literary genres were borrowed and readapted to a different context, the volume offers an index of the larger literary influences going backwards and forwards across the ocean.

That Winter Pamela Gillilan, 1986 Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem *Come Away* after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter* (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

After Babel George Steiner, 2013-04-16 “A brilliant work . . . A dazzling meditation on the very nature of language itself” from the world-renowned scholar and author of *The Poetry of Thought* (Kirkus Reviews). In his classic work, literary critic and scholar George Steiner tackles what he considers the Babel “problem”: Why, over the course of history, have humans developed thousands of different languages when the social, material, and economic advantages of a single tongue are obvious? Steiner argues that different cultures’ desires for privacy and exclusivity led to each developing its own language. Translation, he believes, is at the very heart of human communication, and thus at the heart of human nature. From our everyday perception of the world around us, to creativity and the uninhibited imagination, to the often inexplicable poignancy of poetry, we are constantly translating—even from our native language.

Alberto Greco María Amalia García, Marcelo Eduardo Pacheco, 2016 The edition is probably the more comprehensive book on Alberto Greco (b. Argentina 1931-1965) that has been published to date, comprising texts from different authors, letters, photographs, unpublished documents and a series of drawings made by artist Alberto Passolini, that recreate Greco's ephemeral artworks of which there are no records. Although in an attempt to clarify some aspects of his life, through the contribution of new documentation, we did not intend to distinguish to the extreme reality from fiction, myth from reality, but more precisely - to respect the rules of the game, we tried to stretch the legend and include more information

about some episodes from imaginative strategies. We understand that, for certain, the interpretations proposed by the drawings of Passolini provide a new perspective that enriches what is so far known. (HKB Translation) --Page 22.

Xicoténcatl Guillermo Castillo-Feliú, 2010-06-29 As Spain's New World colonies fought for their independence in the early nineteenth century, an anonymous author looked back on the earlier struggle of native Americans against the Spanish conquistadores and penned this novel, *Xicoténcatl*. Writing from a decidedly anti-Spanish perspective, the author describes the historical events that led to the march on Tenochtitlán and eventual conquest of the Aztec empire in 1519 by Hernán Cortés and his Indian allies, the Tlaxcalans. *Xicoténcatl* stands out as a beautiful exposition of an idealized New World about to undergo the tremendous changes wrought by the Spanish Conquest. It was published in Philadelphia in 1826. In his introduction to this first English translation, Guillermo I. Castillo-Feliú discusses why the novel was published outside Latin America, its probable author, and his attitudes toward his Spanish and Indian characters, his debt to Spanish literature and culture, and the parallels that he draws between past and present struggles against Spanish domination in the Americas.

Transatlantic Literary Studies Susan Manning, Andrew Taylor, 2007-08-01 This groundbreaking volume is the first to define the emergent field of transatlantic literary studies. It brings together a wide range of material to explore the theoretical and literary possibilities of the transatlantic world as an arena for textual and intellectual exchange. In their introduction, the editors suggest ways in which the transatlantic paradigm offers renewed potential for literary study that for too long has been tied to the ideological and political requirements of the nation-state. The Reader provides accessible, annotated examples of theoretical frameworks that provoke further scholarly inquiry and important works of literary criticism that demonstrate different possibilities of comparative analysis. This important compilation represents and promotes the conceptualization of American culture within the broader context of transatlantic activity.

Childhood and Modernity in Cold War Mexico City Eileen Ford, 2018-02-22 *Childhood and Modernity in Cold War Mexico City* traces the transformations that occurred between 1934 and 1968 in Mexico through the lens of childhood. Countering the dominance of Western European and North American views of childhood, Eileen Ford puts the experiences of

children in Latin America into their historical, political, and cultural contexts. Drawing on diverse primary sources ranging from oral histories to photojournalism, Ford reconstructs the emergent and varying meanings of childhood in Mexico City during a period of changing global attitudes towards childhood, and changing power relations in Mexico at multiple scales, from the family to the state. She analyses children's presence on the silver screen, in radio, and in print media to examine the way that children were constructed within public discourse, identifying the forces that would converge in the 1968 student movement. This book demonstrates children's importance within Mexican society as Mexico transitioned from a socialist-inspired revolutionary government to one that embraced industrial capitalism in the Cold War era. It is a fascinating study of an extremely important, burgeoning population group in Mexico that has previously been excluded from histories of Mexico's bid for modernity. *Childhood and Modernity in Cold War Mexico City* will be essential reading for students and scholars of Latin American history and the Cold War.

The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
